

Kaligrafos.com

by Marie Adamson

The website is taking new form. It's easy to maneuver and find what you're looking for.

For example "Local Classes" and "Workshops" are found on the main menu and will be updated regularly.

The "Gallery" will contain the most up-to-date photos available from workshops, exhibits, meetings, etc.

Oh, and the "Reggie" Section ... stay tuned for the latest and greatest from Janell Wimberly!

This is a work in progress—things will be changing frequently as we move through the year.

I encourage you to take some time and check it out.

After months of details, I have finally found the spot for **Paper & Chocolate**. I will be located in Inwood Village directly behind the Inwood Theatre in Suite 236. The space is 2500 sq ft and will have a large area for displaying paper, stationery and chocolate as well as a 22'x15' classroom.

I am going to have a full line of stationery to order, imprimables, greeting cards and accessories. I have found many small letterpress shops that produce unique cards, and I visited the Stationery Show in NYC in May and bought the best and newest stationery products.

A difficult part of this process is finding and

tasting the chocolates produced by small boutique chocolatiers so I can locate great chocolates for the store. I will persevere for the best!

I am also trying to locate wonderful papers from unique vendors for all of the bookbinders and graphic artists. I plan to also carry tools and supplies for bookbinders and calligraphers. If you have any requests, suggestions, or vendors, please let me know.

If you would like to be on my mailing list or if you have ideas, please contact me at info@paperandchocolate.com

We expect to be at the store stocking and setting up in mid-July and we would love for you to stop in. We will send you a notice of the opening date and the date for our Grand Opening celebration.

REGGIE EZELL

year long study

"Alas A Rose" - serified Roman letters
Janell Wimberly

SCRIBE TO CALLIGRAPHER

Reggie is coming back to Dallas to teach his year-long class. He was here in 1992, and those who participated learned so much that some are taking it for a second time.

There is still availability.
While this is hosted by Kaligrafos, other guilds, and friends are welcome!

DEADLINE for registration fee and signed contract, September 15 at the latest!

If you would like to learn more or see examples, go to www.reggiezell.com, or check **LINKS** on our own [Kaligrafos](#) site to see what some other guilds are doing now in 2006.

The **COST** for the class is \$1500. Meetings are once a month on Saturday. You will learn about materials and tools; their correct use, handling and care; concentrated study of the different hands; and homework to further sharpen your skills and expand your calligraphic horizons.

This is the place many calligraphers have begun their journey from mere beginners to masters of the pen.

Up for the challenge?

Sunday night I took a time-out from wedding season to see the latest Pirates of the Caribbean film. It was exciting to see the work I did actually made it in! (The work I did for Hidalgo was scarcely noticeable.)

If you are going to see Pirates 2, and want to look for the prop, it is near the beginning. It is a letter of pardon from the king and appears in a full screen shot, a close-up when someone signs the document and the quickest peek when someone opens a wooden box on the desk. The fun part is that it is an integral element of the story.

Bye for now!
Xandra
